FLOOR DEBATE

February 6, 2004 LB 227

in most cases, the other guy driving down the street maybe going 70 miles an hour. And it wouldn't matter if you were going 20, 30, 25, or sitting still if that other truck, other car, vehicle, hits you going at that speed it's still going to cause some problems and that's the purpose of the bill. I agree with what Senator Chambers is saying and I...and I stated earlier too that originally that's what I wanted my bill to do, but I knew I could not get it passed without the exemptions that are on there. Therefore, that's why they're there. But I have to admit I do agree with what he's saying, you know, and I said that many times in committee, that, you know, we care about the rural kids and the Boy Scouts every bit as much as we do the urban kids, you know, and they should be included. And it's just a matter of fact that I cannot get it passed without those exemptions on there, so that's why they're there. And I will...I want to, first of all, welcome Senator Chambers back. We really missed him yesterday. Glad to see he's here. And I would yield him the rest of my time, if he wants it.

SENATOR CUDABACK: Senator Chambers, did you wish to have...use Senator Aguilar's time? You may have it, if you care to.

SENATOR CHAMBERS: Yes, how much time do I have left.

SENATOR CUDABACK: You have about three and a half minutes.

SENATOR CHAMBERS: Thank you. Mr. President, Senator Aguilar is going to try to kill me with kindness. He thinks I'll get worn out if I use not only my time but his time too, but I have so much that I want to say that sometimes, Senator Friend, the right words won't come my way, but I try. And this is one of those instances when I'm going to try to persuade my colleagues that this is an unwise bill. Senator Aguilar, for some reason, wants to say that the speed of the other vehicle is what has to be of concern to us. I'd like to ask Senator Aguilar a question.

SENATOR CUDABACK: Do you yield, Senator Aguilar?

SENATOR AGUILAR: Yes.
